### THE WEST WAS THERE

Leland Stanford Ran Cornell Close Race in Poughkeepsie Regatta.

Poughkeepsie, N. Y., June 29.—In a triangular battle of blades unequalled in American rowing history, Cornell won the varsity four mile race here late Monday afternoon from Leland Stanford by eight feet. Syracuse, exhausted by the struggle, slid over the line two lengths in front of the Columbia crew, which had wrested fourth place from Pennsylvania in the last mile of the great Hudson regatta.

Stanford, represented on the Hudson for the first time, nearly 4,000 miles from home, and practically overlooked as a contender in the predictions of experts, forced the Ithaca veterans, favorites in the betting, to a last effort of nerve and strength in order to win.

From the time Stroke Maurer, of Stanford, drove his blade into the water, Stanford was a factor in the struggle, and as the prow of the Cardinal shell crept up on the faltering Cornell outsmen in the terrific drive at the finish, thousands were shrieking and cheering the far western crew on. Syracuse, which had been fighting with Cornell for the lead, was unable to stand the terrific pace of the fast mile.

In the long drawn out struggle down the course, all forecasts and expert predictions went astray. Crews selected to fight in the fore, wallowed in the wake of eights not considered to have a chance for first place.

The Pacific coast crew, however, with but a few days training on the

Hudson, proved the greatest surprise of all and proved beyond question that while their rowing form and watermanship might not be as finished as those of their eastern rivals, their gameness, power and endurance equaled anything possessed by the crews that measured sweeps with them.

The official time was caught as follows: Cornell, 20:36 3-5; Stanford, 20:37 4-5; Syracuse, 20:43 4-5; Columbia, 21:00; Pennsylvania, 21:10 1-5.

MACK TO CLEAN HOUSE.

Athletic Manager Reported To Be After Brand New Team.

Philadelphia, Pa., June 29.—In the wake of news of the disposal of Pitcher Bob Shawkey of the Philadelphia Athletics to the New York Americans came a report today that Shortstop Jack Barry of the former world's champions is on the market. Barry has not played in a game since June 19 because of an injury. Manager Connie Mack is in Washington and other club officials here disclaimed any knowledge of the intentions of the manager.

It was also reported that it is the intention of Mack to get rid of his high salaried men with the possible exception of "Stuffy" McInnis, first baseman, and Amos Strunk, outfielder, and one or two others. Mack is building up a new team of young players. Within the last few weeks he has added several young pitchers and two or three infielders to his string of players.

### TAB PASSENGER SHIPS.

Berlin Gets Schedule of Sailings in Safety First Plan.

Washington, June 29.—The United States government has adopted the practice of notifying the German admiralty through Ambassador Gerard of the time of departure of every passenger ship sailing the American flag and approximately the hours during which it will pass through the war zone.

This precaution is being taken that German submarine commanders may be on the watch for American vessels and prevent a repetition of the attack on the American tank ship Guilford, which was torpedoed by a German submarine commander who supposed the vessel was a British ship because it was in company of two English patrol boats and the American flag was not observed until the torpedo had been fired.

Officials here believe that if the German admiralty sends to its submarine commanders notification of what American passenger ships are passing through the war zone there can be no doubt of their identity.

### PAPAL MAIL IS HELD UP

Seal of Cardinal Secretary of State Not Sacred to Austria.

Washington, June 29.—In a verbal note presented in the state department, the Italian embassy asserted that the Austro-Hungarian postal authorities had refused to receive and forward mails from the Holy See even when bearing the official seal of the cardinal secretary of state. The department also was informed that at the outset of the war between Italy and Austria-Hungary, the Italian government took steps to insure free passage of mails to and from the Holy See without censorship. Similarly, it was explained, free passage of mails was being given by Italy to all nations wherein it had diplomatic representatives.

### BIBLE IN SCHOOLS

Archbishop Ireland Emphasizes Need of Religious Training.

Catholic Education Association in Session at St. Paul.

St. Paul, June 29.—The value of Catholic schools for the instruction of Catholic youth was emphasized today by the Most Rev. John Ireland, archbishop of St. Paul, in his address of welcome to the delegates at the first general session of the Catholic Education association's twelfth annual convention.

The session was held in the new cathedral and was preceded by pontifical high mass, celebrated by Bishop James McGlockrick of Duluth. The remainder of the day was devoted to meetings of the college, seminary and parish school departments and superintendents and deaf-mute sections.

Archbishop Ireland in his address said that nearly a million and a half pupils were receiving instruction in the schools established in the United States by the Catholic church, in the contention that "religion should permeate and vivify the education of childhood and of youth."

This education is not obtainable in the home, he said, as few parents are capable or willing to teach religion. The Catholic educational institutions in this country, the archbishop continued, number 5,488 parish schools, 399 academies and colleges, and the Catholic university at Washington. While religious instruction is given precedence in these institutions, he said, "other themes are given their share of attention, so that in matters of secular knowledge the Catholic school ranks with the best institutions of the state."
